

Actual ROPS response written for client, October, 2018

Relevant Experience and Track Record

Over the past eight years, XXXX has been the major earthmoving subcontractor for the Cairns Regional Council's primary electrical contractor, XXX XX (Pty. Ltd.) of Woree.

XXXX has carried out trenching, backfilling and electrical roughing for the following major projects, prior to initiation of power supply:

- BMD Overpass
- Bruce Highway Upgrade
- Aumuller St. upgrade
- Reservoir Rd. intersection upgrade
- Walker Rd. Sports Complex
- New lighting for Reef Hotel Casino Park (Cairns City)
- City Alive roughing work
- City Heart Upgrade
- Airport Link Project (connecting the Cairns City Airport to the city via the Lake St. Bypass)
- Trinity Beach State School upgrade
- Pier Carpark
- O'Brien St. upgrade

The work included: trenching, levelling, shaping, dumping, auger holes, slab preparation, soccer field footings and plinth pits. These jobs required precision as they were based around extensive electrical work.

XXX has also worked with FGF (Foreman XXX) since 2010. Jobs have included: Cherry Brook, Riverstone and KFC as well as personal jobs such as trenching, levelling, shaping, dumping, digging auger holes, preparation of slabs, large footings and stormwater drainage, batter cutting and site tidying.

Other work with FGF, under Foreman XXX, has included Caravonica upgrade, Springbrook, and the Sky-Rail Car Park.

Over the last 18 months, work has included:

- trenching
- levelling
- shaping
- dumping
- auger holes
- preparation for slabs and large footings
- finishing pads off on sub-divisions
- drainage for stormwater
- cutting pads, and batters on a grade
- backfilling retaining walls
- cutting and fine trimming for bitumen seal
- site tidying.

Without exception, XXXX's contribution to each of the above projects was delivered on time, and within budget, and to the highest standards of workmanship and Workplace Health and Safety and other legislative requirements,

At XXXX, we are justifiably proud of our workmanship and our ability to deliver projects for Cairns City Council, professionally, without incidents or issues. The Foremen concerned will confirm the above (See Referees).
